8) You should now see a window pop up asking if you would like to "Open" or "Save" the file. Click on "Save" and save in a location where you can access it later.
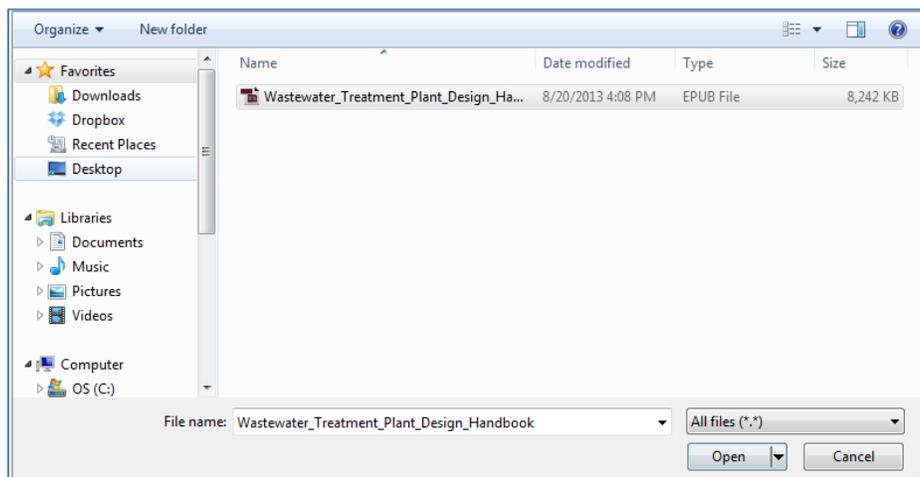

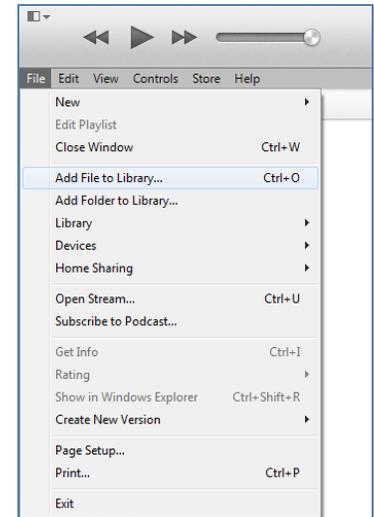

9) Open the folder containing the .epub file.

10) Connect your iPad to your computer using the Apple USB cord.

11) Your iPad should prompt iTunes to open on your desktop. If no prompt appears, manually open iTunes.

12) To open the .epub in your iTunes go to File > Add File to Library.

13) Locate your e-book file in the appropriate folder.

14) Once you open the file, it will be in your iTunes library. Go to your iPad settings to sync the File to your iPad.

15) Click on the Books tab and Check the "Sync Books" checkbox if it isn't already enabled.

16) Now click the Apply or Sync button at the bottom right of the window.

17) Your e-book should now appear under the Books Section.

18) Now you can access your E-book on your iPad through the **iBooks** app!
